

## Background

The Department of Energy (DOE) Federal Employee Occupational Safety and Health (FEOSH) Program ensures that Departmental employees work under safe and healthful conditions. The FEOSH Program is a source for information, guidance, and technical assistance to individual Departmental FEOSH Programs at operations and field offices, the Energy Technology Center, Headquarters, and power marketing administrations. In partnership with field personnel, the FEOSH Program also develops special emphasis on safety and health initiatives designed to be pro-active and preventative in nature.
